

THE STRAITS TIMES

SINGAPORE ASIA WORLD HOME

FRIDAY MAY 12, 2028

The animals in the world have fallen sick

Singapore has stopped import of live animals and fishes after a virus is detected. The current unpredictable climate has also caused a decrease in vegetable supply in the region.

HELP! Singapore is out of food supply! We will have **NOTHING** to eat!

SG-K200, this is an **EMERGENCY!**

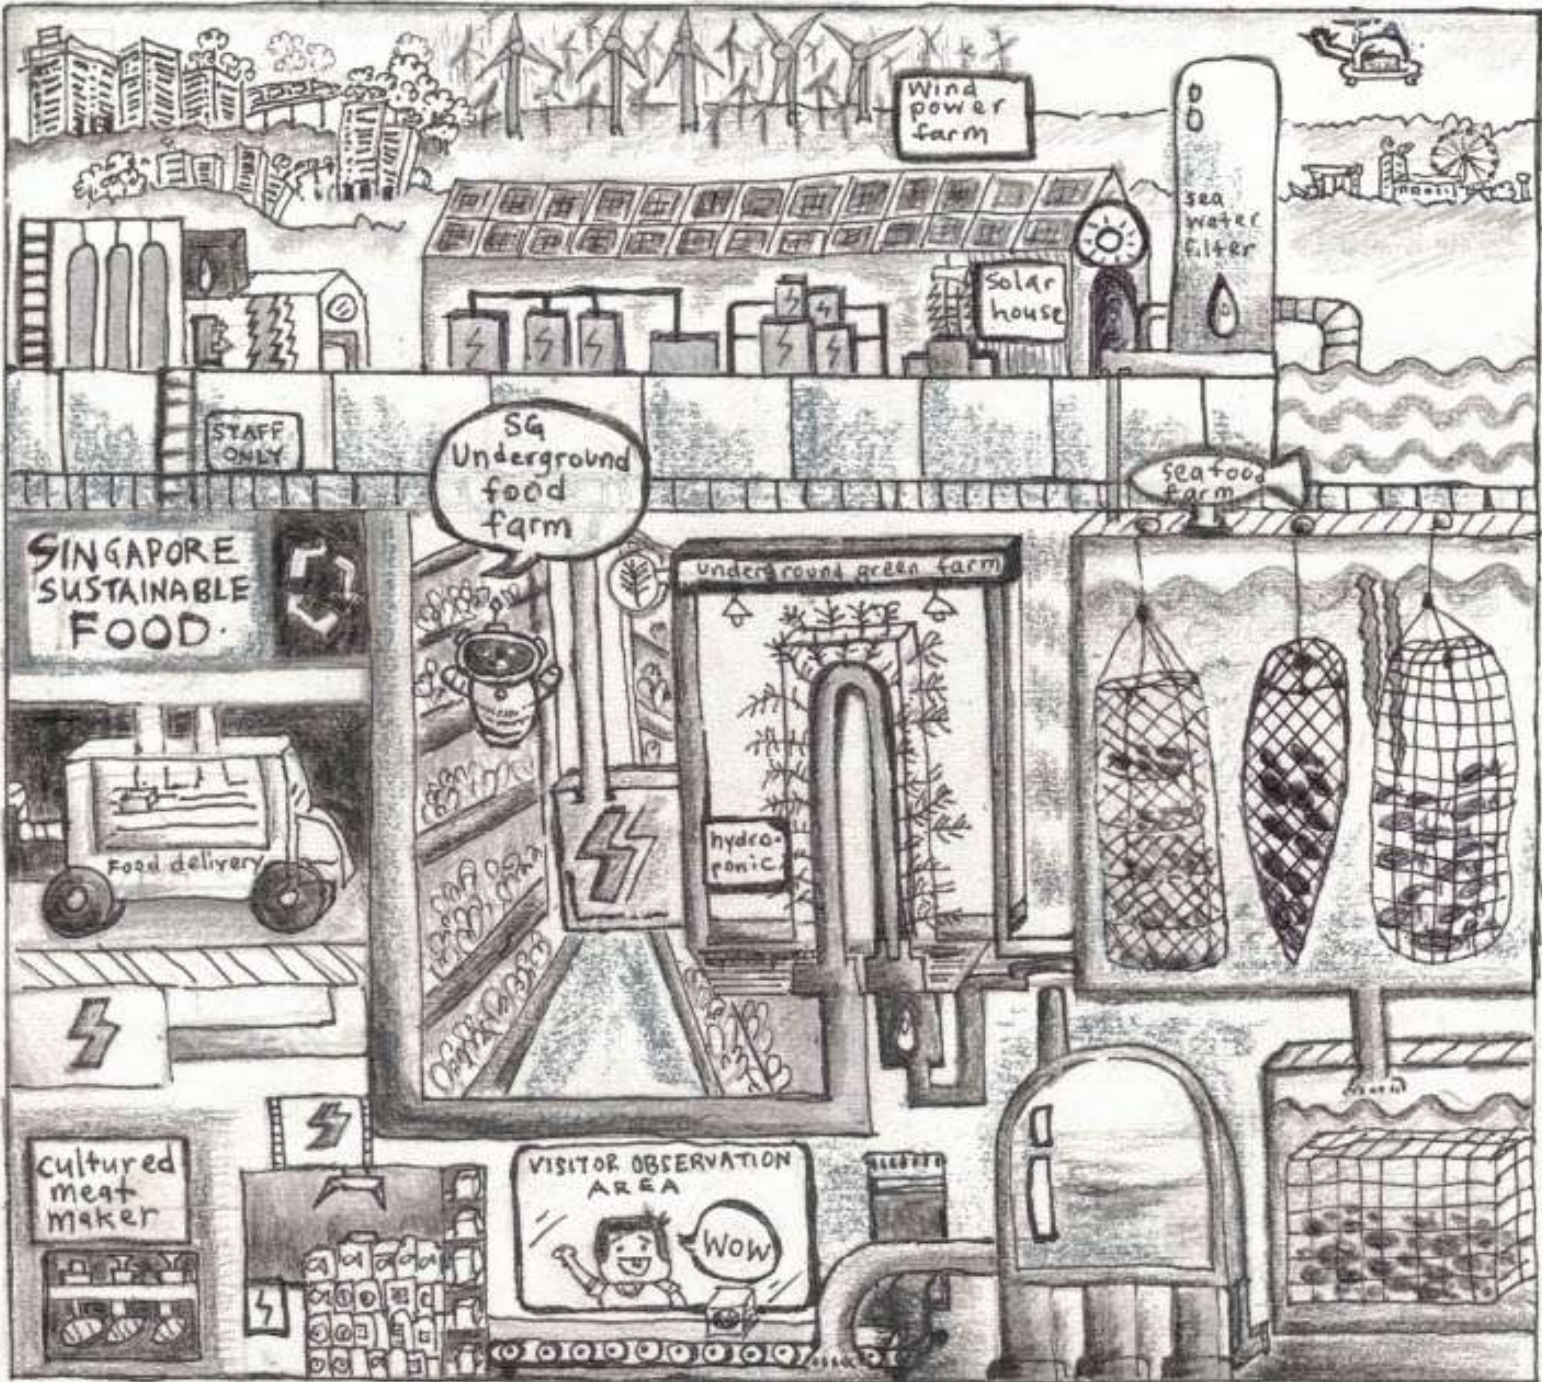

We need to make our own food! But how can Singapore do that?

☹️ Scarce land 
 ☹️ Limited natural resources

😊 Home-grown   Sustainably made

PHEW! My favourite and popular Singapore hawker food will NOT DISAPPEAR! Yummy!
